MOSAIC is now established as one of the best groups of singers in Hertfordshire and the surrounding counties. We put concerts on throughout the year in St. Albans, London and around the country, also singing at weddings, funerals and memorials. We also perform at corporate events, having sung at Lord's Cricket Ground in the famous Long Room, and on BBC's The One Show. We sang backing vocals on a recent cinematic album and have recorded four CDs including a recording of choral jazz classics in London in April 2019.

'It is no exaggeration to say that MOSAIC now sits on a par with almost any of this country's leading professional choirs – their phrasing, dynamics and overall sound quality were exquisite' HERTS ADVERTISER
